Gold Edge Line

THE GOLD EDGE LINE OF ISCO LUMINANTS illustrated in this catalog has been beautifully designed and planned most carefully. This line stands out by itself in beauty of finish and uniqueness of design. A suitable decoration for the finest room and easy on the eyes.

Highest quality is assured as these luminants are made of the finest cast material, manufactured and finished by the highest class of workmen and artisans.

This line is made in one finish, namely: *Venetian Bronze*.

Venetian Bronze Finish consists of wonderfully blended autumn foliage colorings with golden highlights on a beautiful soft reddish brown ground. This finish is ideally harmonious in colorings that will fit into any surroundings and add charm and beauty to the room.

Bracket Luminants wired with rotary switches
in back plates.

Drop Luminants wired with keyless sockets.

Ceiling Luminants wired with keyless sockets.

Candle Luminants wired with keyless sockets.

Hall Luminants wired with keyless sockets.

Diamond Edge Line

THE DIAMOND EDGE LINE OF ISCO LUMINANTS illustrated in this catalogue has been beautifully designed and planned most carefully from a merchandising standpoint.

This line is especially interesting, as it covers the major requirements of residential lighting within a very compact range of numbers, while allowing a very satisfactory variety for selection.

Highest quality is assured as these luminants are made of the finest cast material, manufactured and finished by the highest class workmen and artisans.

We make this line in (3) three finishes namely *Polette*, *Mauvine* and *Irone*—so as to give a choice of finish.

Pollete Finish is a beautifully blended light autumn leaf coloring combined with stippled ivory on a highly polished silver ground.

Mauvine Finish is a highly polished silver and gold with beautifying touches of stippled neutral mauve coloring.

Irone Finish is a soft mellow rusty iron finish combined with stippled ivory and gold trimmings.

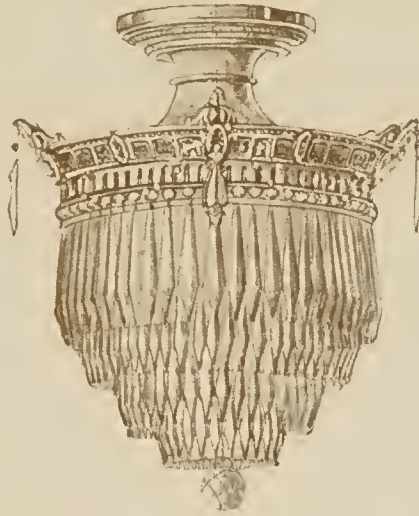

These finishes are ideally harmonious colorings which will fit in any surroundings and add charm and beauty to the home.

{	<i>Bracket Luminants</i> wired with pull-chain sockets.	}
	<i>Drop Luminants</i> wired with push sockets.	
	<i>Ceiling Luminants</i> wired with keyless sockets.	
	<i>Candle Luminants</i> wired with keyless sockets.	
	<i>Hall Luminants</i> wired with keyless sockets.

These Toilet Signs are furnished complete with metal box 12 1/2 x 6 5/8 x 4 1/4 inches deep, for either flush or exposed installation. The face is Compolite Fibre with a white frosted glass plate and black silhouette. These signs are inoffensive and unmistakable in their message in public places and are especially suitable for photoplay houses. Amber or colored lamps can be used to tone down the light to the desired intensity.

Six-Inch Letters

This Exit Sign is furnished complete with metal box 12 1/2 x 6 5/8 x 4 1/4 inches deep, for either flush or exposed installation. The face of this sign is Compolite Fibre, with cut-out letters, backed by cased Ruby or Green Glass, frosted one side. When lighted the letters stand out prominently in red or green and no white light is visible, which often is a disturbing feature in photoplay houses.
